RE: Amended Application of Duke Energy Carolinas, LLC for Approval of Rider 10
Docket No. 2018-72-E

Dear Ms. Boyd:

Enclosed for filing, please find the Amended Application of Duke Energy Carolinas, LLC ("DEC") for Approval of Demand-Side Management and Energy Efficiency Rider 10 ("Amended Application"). DEC submits the Amended Application in order to include lost revenues that had previously been excluded. With the inclusion of lost revenues, changes have been made to the residential and non-residential billing factors, including the incorporation of a prospective component for year 2016.

Redlined versions of the application and tariff, which mark the changes from the versions filed on March 2, 2018, are being filed herewith. DEC respectfully requests that the deadline for intervenor comments and the report from the Office of Regulatory Staff ("ORS") be extended from May 15, 2018 to, at the earliest, June 15, 2018 in order to give intervenors and ORS a sufficient opportunity to participate. We believe that the amendment that we are requesting will require the matter to be re-noticed, and we have included a draft of a revised notice with this filing.

Should you have any questions regarding this matter, please do not hesitate to contact me.

Kind regards,

Sam Wellborn
